Hi ,

Hope you are in the best of health & Spirit!

If you are interested in applying for below opportunity, then below are the options.

-> Please send me a copy of updated resume. (You can just reply/attach to this email).

W2 contract

Job Title: Senior Drupal Developer

Location: REMOTE

Duration: Long term Contract

Mode of Work: REMOTE;

I am also including the Job Description below:

Job Description:

We are seeking an experienced Drupal Developer to design, develop, and maintain secure, scalable web applications using Drupal. The ideal candidate will have strong hands-on experience with Drupal architecture, module development, and theming, along with a recognized Drupal certification. Active or eligible security clearance is preferred for working on regulated or government-related projects.

Key Responsibilities

Design, develop, and maintain Drupal-based websites and applications

Build and customize Drupal modules, themes, and distributions

Implement Drupal upgrades, migrations, and performance optimizations

- Integrate Drupal with third-party APIs and backend systems
- Ensure application security, accessibility, and compliance standards
- Collaborate with UX designers, backend developers, and stakeholders
- Troubleshoot and resolve application issues in development and production environments
- Follow best practices for version control, CI/CD, and documentation

Required Qualifications

- Bachelor's degree in Computer Science, Engineering, or equivalent experience
- Strong experience with Drupal (Drupal 8/9/10)

Hands-on expertise in:

- PHP, HTML5, CSS3, JavaScript
- Drupal theming and custom module development
- MySQL/PostgreSQL databases
- RESTful services and API integrations
- Experience with Git, Composer, and Drupal CLI tools (Drush)
- Drupal Certification (e.g., Acquia Certified Drupal Developer) – Required

Preferred Qualifications

- Active or eligible security clearance (e.g., Public Trust, Secret, or higher)
- Experience working on government or highly regulated projects
- Familiarity with cloud platforms (AWS, Azure, or GCP)
- Knowledge of accessibility standards (WCAG/ADA compliance)
- Experience with CI/CD pipelines and DevOps practices

Soft Skills

- Strong problem-solving and analytical skills
- Excellent communication and collaboration abilities
- Ability to work independently and in team-based environments
- Strong attention to detail and commitment to quality

Thanks & Regards,

Savithri P.
